TITLE INDEX

A model of exchange rate policy: evidence for the US dollar–Greek drachma rate 1975–87, 815
A neglected problem in the analysis of unemployed youths in Australia, 1341
A new approach to determining sectoral priorities in an economy: input–output elasticities, 247
A new production function? Bowled by a googly, 1245
A note on the exchange market pressure: the Korean experience, 1980–7, 587
A note on the rationality of survey inflation expectations in the United Kingdom, 1269
A participation model with non-convex budget sets: the case of the wives of the unemployed in Great Britain, 1401
A quantitative analysis of Chinese industrial structure and technological change: production functions for aggregate industry, sectorial industries and small scale industry, 1733
A Takayama–Judge activity model applied to the analysis of allocation and trade in Sweden, 1201
A time-domain transfer function model of Wagner's Law: the case of the United Kingdom economy, 327
A wage bargaining model for Denmark, 567
Absenteeism in a medium-sized manufacturing plant, 161
Adjustment costs, production functions and capital–labour substitution in Greek manufacturing: 1958–80, 49
Advertising in demand systems: testing of Galbraithian hypothesis, 485
Advertising and pricing policies in the equine breeding industry or sex and the single stallion, 755
Aggregate consumption of non-durables and services, and the components of wealth: some evidence for the United Kingdom, 1691
Alleged instability of the Okun's law relationship in Australia: an empirical analysis, 1829
An alternative monetary policy target: the new benchmark Divisa monetary index, 1699
An alternative time series model of consumption: some empirical evidence, 1361
An analysis of production efficiency differentials in the Philippines, 631
An econometric investigation of capital flight, 73
An econometric model of structural change: a case study of Canada, 791
An empirical analysis of occupational expectations, 1159
An empirical examination of government expenditures and the ex-ante crowding-out effect for the British economy, 305
An empirical examination of long-run purchasing power parity as theory of international commodity arbitage, 1749
An empirical test of monopoly behaviour: an application of the Hardwood case: a comment, 339
An error correcting model of farmland prices, 1741
An evaluation of excess demand, actual cost and normal cost pricing hypotheses using non-nested tests, 1315
An incremental budgeting model of local public expenditure setting in the presence of piecewise linear budget constraints, 949
An update on industries ranked by average rates of return, 897
Analysing the risk premium in the Italian stock market: ARCH-M models versus non-parametric models, 535
Anticipated monetary policy and real output: evidence from Latin American countries, 579
Asymmetric promotion and strike effects in an oligpolistic service industry, 1123

Behaviour of intra-daily stock return on an Asian emerging market – Hong Kong, 957
Benefit imbalances among credit union member groups: evidence of borrower-dominated, saver-dominated and neutral behaviour?, 769
Budget deficit and inflation: the Peruvian experience, 1117
Budget deficits, short-term real interest rates and the specification of expected inflation: an empirical investigation, 1147

Central bank credibility and forecasting, 471
Centralization and government competition, 1603
Changes in the US earnings distributions in the 1980s, 425
Characteristics of West German demand for international tourism in the northern Mediterranean region, 295
Charitable donations by UK households: evidence from the Family Expenditure Scheme, 343
Co-integration, error correction and the Fisher effect: a clarification, 1367
Cointegration, error correction and the demand for money in Cyprus, 1417
Comparing benefit estimates from travel cost and cotingent valuation using confidence for Hicksian welfare measurement, 1725
Concentration trends and profitability in US manufacturing: a reply and some new evidence, 721
Concentration trends and profitability in US manufacturing: a comment, 717
Consistency of the spatial allocation of NHS hospital resources: an econometric analysis, 1623
Consumer gains from physician immigration to the US: 1966–1971, 331
Correct cointegration tests of the long-run relationship between nominal interest and inflation, 1487
Costs and benefits of housing subsidies from tenants from voluntary and involuntary rent control: a comparison between tenures and income groups, 1103
Costs, prices and profitability in UK manufacturing, 839
Cross-country alcohol consumption comparison: an application of the Rotterdam system, 1613
Customer preferences, attendance and the racial structure of professional basketball teams, 179
Cyclical analysis of key US aggregates during a period of macroeconomic stability (1953–1965), 1587

Demand uncertainty and foreign trade in the UK tobacco industry, 459
Demand for money and expected inflation, 1649
Demand shocks, supply shocks and the cyclicality of real wages, 1213
Derivative securities and cash market stability, 391
Deriving natural rates of unemployment for sub-national regions: the case for Canadian provinces, 1305
Determining the appropriate deflation of nominal magnitudes in the UK consumption function: a non-nested test approach, 781
Discrete and smooth switching regressions for Australian labour productivity growth, 1299
Dynamics of Government revenues and expenditures in industrial economies, 1839

Earnings and assimilation of female immigrants, 1665
Earnings, social security legislation and retirement decisions: the Austrian experience, 851
Economic growth and Kaldor's law: the case of Turkey, 1925–78, 1277
Economies of superscale in commercial banking, 283

0003–6846/91 $03.00+.12 © *1991 Chapman & Hall*

Effective rates of protection and the Fordney–McCumber and Smoot–Hawley Tariff Acts, 1385
Efficiency and farm size in Egypt: a unit output price profit function approach, 21
Entry and industry evolution: the UK car industry, 1958–83, 799
Estimating labour supply functions under the rationing constraints of over- and under-employment, 675
Estimation of technical inefficiency in manufacturing industry, 1637
Evidence on inflation–output trade-off in developing and industrial countries, 731
Ex ante valuation of atmospheric visibility, 143
Exchange rate variability and trade: why is it so difficult to find any empirical relationship, 927
Exchange rate, price, and output inter-relationships in Ghana: evidence from vector autoregressions, 1801
Exchange rate sensitivity of the demand for money in developing countries, 1377
Exchange rates and South Korean exports to OECD countries, 1227
Explaining intergovernmental grants: Australian evidence, 659
Explanations of the demand for labour in the United Kingdom engineering sector, 913
Exports and economic growth in industrialized countries, 697

Firm size, employment risk and wages: further insights on a persistent puzzle, 1351
Forecast performance of exchange rate models revisited, 187
Forecasting federal budget deficits: how reliable are US Congressional budget office projections, 1789
Functional form and new production functions: some comments and a new VES function, 1247

Going onto invalidity benefit: a study for women (1977/78–1983/84), 1569
Government borrowing and tax-adjusted real and nominal interest rates, 31
Government employment and the provision of fringe benefits, 417
Government expenditure, money supply and unemployment in the USA: an analysis of the pre-war and post-war functional forms, 1483
Government intervention in Malaysian manufacturing industries: a suggested methodology of measurement, 1093
Government spending and the exchange rate, 1551
Growth and distribution of the induced innovation hypothesis for the Korean economy, 543

How do firm characteristics affect the subsidies provided by the unemployment insurance system?, 1529

Identifying competitors from market share data: a technique and an application, 525
Incentive mechanisms for environmental protection under asymmetric information: a case study, 871
Incentives, pay, and performance: a study of Australian employees, 1433
Industrial structure in US telecommunication: some empirical evidence, 1655
Inferring risk preferences from a two-asset market, 65
Influences of international factors on US prices: a theoretical and empirical analysis, 517
Input substitution in manufacturing for three less developed countries: translog estimates and policy implications, 209
Inter-fuel substitution, technical change and the demand for energy in the UK economy, 1077
Interactions between hospital admissions, costs per day and average length of stay, 237
International technological knowledge differences and economic growth comparisons: USA versus West Germany and Sweden versus Norway, 1963–1988, 263
Is political popularity a random walk?, 967

Job changing decisions of faculty members: a case study of a model with multiple selection, 591

Kaldorian approach to Greek economic growth, 1683
Kalman filter and the demand for cigarettes, 1175

Labour market conditions and labour force participation: the case of the Netherlands, 87
Leakages from the money demand function, 531
Learning in expectation formation with applications to cattle and beef exports, 881
Lottery expenditures in Canada: a regional analysis of determinants and incidence, 1845

Market structure and corporate charitable donations: some Canadian evidence for 1976 and 1981, 1237
Married women's tastes and the decision to participate in the labour market: results from a fixed effects model, 1499
Measuring resource scarcity in non-renewable resources with an application to oil and natural gas in Alberta, 975
Modelling policy options in the Indonesian agricultural sector, 435
Modelling weekly data on UK interest and exchange rates, 95
Monetary policy and inventory investment in Greek manufacturing industry, 255

Non-nested tests of new classical versus Keynesian models: further evidence, 385
Numeraire choice in normalized quadratic functional forms, 1597

Occupational segregation and selectivity bias in occupational wage equations: an empirical analysis using Irish data, 1
Occupational segregation, labour force participation and the relative earnings of men and women, 167
On the deviations from purchasing power parity: the case of the Ringgit effective exchange rate, 1461
On the estimation technique to reveal government distributional weights, 985
On the effect of income and relative price on demand for health care: EC evidence, 1221
On the economics of regulated early closing hours: some evidence from Canada, 1393
Optimal algorithms and lower partial moment: *ex post* results, 465
Organizational status and performance: the effects on employment, 403

Parental background, educational attainments and returns to schooling and to marriage: the case of Israel, 1325
Persistence, seasonality and trend in the UK egg production, 479
Petrol prices, oil prices and oil price falls: some evidence for the UK since 1972, 1535
Policy evaluation as science: a critical assessment, 1543
Post-secondary vocational education and on-the-job training, 197
Precautionary savings under income uncertainty: a cross-sectional analysis, 153
Price and quantity in international comparisons of health care expenditure, 1519
Productivity and long-term growth potential in the UK economy 1924–1968, 1425
Productivity and metal mining: evidence from copper-mining firms, 1853

Property tax and inter-municipal migration in Canada: a multivariate test of the Tiebout hypothesis, 623
Purchasing power parity in the short and long run: a reappraisal of the post-1973 evidence, 1257

Quality of life and spatial dimensions of the productivity slowdown, 607

Real wage–employment relationship in Finnish manufacturing: a VAR approach, 1559
Retesting positive results in screening for colorectal cancer: a marginal analysis, 1015
Risk aversion and the earnings of US immigrants and natives, 311
Road accident external effects: an empirical assessment, 373

Self-service activities and formal or informal market services, 505
Shooting fish in the barrel? Examining the standard test of the Lucas variability Hypothesis, 1811
Short term labour market consequences of teenage pregnancy, 1819
Smoking and absenteeism, 743
Some issues in the measurement of comparative advantage, 937
Spillover effects in wage determination: an econometric analysis, 1473
Structural change in the United States' social preference function, 1953–88, 763
Structrual changes in the US electric utility industry and the scarcity rent of coal-in-use, 57
Structural unemployment in Australia, 723

Takeovers and other influences on economic performance: a plant level analysis, 1779
Technology and regional policy: a case study of Northern Ireland, 685
Telecommunications divestiture in the UK: a crossed line?, 379
Temporary layoff unemployment in Austria: empirical evidence from administrative data, 1447
Testing for common trends in regional unemployment, 1087
The demand for money in an open economy: the United Kingdom, 1037
The demand for residential electricity: new evidence on time varying elasticities, 1251
The determinants of female recruitment, 709
The determinants of housing maintenance and upkeep: a case study of Providence, Rhode Island, 639
The determinants of inward investment: a Welsh analysis, 1761
The determinants of the geographical allocation of EC aid to the developing countries, 647
The duration of invalidity benefit claims: a proportional hazard model, 1043
The dynamics of regional unempolyment in the UK, 1974–89, 1059
The econometrics of markets with quantity controls, 497
The economics of university computer provision: a case study in public production and cost, 353
The effect of dynamic competition on price–cost margins, 1065
The effect of the Youth Training Scheme on employment probability, 367
The effects of output on anticipated and unanticipated money growth: a case study of an oil-producing country, 1493
The efficiency of the London Metal Exchange: another look at the evidence, 669
The empirical application of a small open economy model: Greece 1954–81, 1029
The European distaste for US budget deficits: a regime shift explanation, 1005
The evaluation of river water quality improvements by the contingent valuation method, 1135
The Harrod foreign trade multiplier and economic growth in Asian countries, 1719
The importance of the distinction between long- and short-term unemployment in UK macroeconomic models, 1281
The information content and gain of revisions to the components of GDP, 903
The interdependance of firm and government behaviour: Boeing and Eximbank, 107
The interest-rate management and sterilization hypotheses for the UK: under fixed exchange rates, 821
The money growth–inflation relationship under hyperinflation: an illustration from Hungary's postwar experience, 1453
The performance of exchange rate forecasting models: an economic evaluation, 133
The reaction of stock returns to anticiptaed and unanticipated changes in money: a re-examination of the evidence in the frequency domain, 113
The relationship between concentration and prices and concentration and costs, 101
The relationship between the Brazilian interest payments moratorium and bank equity returns: evidence from the London Stock Exchange, 123
The relationship between the inflation rate and its variability: the issues reconsidered, 993
The relative efficiency of slave agriculture: a comment, 861
The relative efficiency of slave agriculture: a reply, 869
The relative importance of direct investment and policy shocks for an open economy, 1183
The stability of cigarette demand, 319
The structure of production in urban housing: a multi-input cost function appraoch, 447
The term structure of UK interest rates: tests of the expectations hypothesis, 599
Thirwals's law and balance of payments constrained growth: further comment on the debate, 9
Trade flows, relative prices, and effective exchange rates: a VAR on Ethopian data, 1369
Turnover costs and the wage-fringe mix, 617

Unemployment and interindustry labour mobility in Canada in the 1980s, 1707
Union wage setting and unemployment in the Netherlands (1965–1987), 1579
Unions, wages and productivity: some evidence from UK engineering firms, 219
US federal redistributive income policies, 1193
